

## pdf-it 5.1 (released 9/9/2011)

- **New exhibit step.**

Uploading and bundling exhibits into a *pdf-it* portfolio is now even easier. Checking the box Attach Exhibits/Edit ASCII (1<sup>st</sup> image) in the pdf-it creation wizard will display the new screen (2<sup>nd</sup> image). Exhibits can be uploaded or, if already uploaded, simply selected. **Note:** Users are automatically sent to this new screen if previously uploaded exhibits with the same witness name and proceeding date are detected.
